

## **Important Team Progression Criteria and other Information**

### **A. Minimum Score criteria (regular category)**

Minimum Score criteria (regular category/football/advanced robotics challenge)  
 Teams who score at least 33% of the maximum game score in their corresponding category, shall be considered for next level progression. In instances where none of the teams meet the minimum score criteria, no team would progress to next level

### **B. Progression through 1:4 rule (regular category)**

- In order to have a uniform representation, teams in each category would progress to the national from each regional competition in the ratio of 1:4.
- 1 team out of every 4 teams (or part thereof) shall progress from regional competition to the national championship in each category.
- Elementary teams scoring  $\geq 80\%$  in robot game are qualified to participate in national championship
- Junior High teams scoring  $\geq 70\%$  in robot game are qualified to participate in national championship

1:4 rule progression example matrix:

S. No.	Number of teams in a category Regional	Number of teams that will progress to National
A.	1-4	1
B.	5-8	2
C.	8-12	3
D.	13-16	4
E.	17-20	5
And so on...		

### **C. Progression of Host School team:**

To acknowledge the efforts of the host school, one team from each host school shall also progress to the National Championship over and above the progression matrix given above. Minimum score qualification of 33% shall not be applicable to team. This progression will only be applied if none of the host school teams are unable to make it through the 1:4 rule or national ranking

**D. Open Category (all age groups), Regular senior high, Wedo(open & Regular) , WRO Football teams and Advanced Robotics Challenge:**

The categories mentioned above will be held directly at the National Championship. Also, WeDo Category (Regular & Open) concludes at National Championship across all WRO partner countries without an International Championship.

**F. Progression to World Robot Olympiad International**

WRO has introduced a new Table of Eligibility for entries into WRO International competition from each country. The Table of Eligibility is subject to total number of teams registered in each category.

#Regular Teams at WRO India	Entries to WRO International Championship		
	Elementary	Junior High	Senior High
5-99	1	1	1
60-119	2	2	2
120-199	3	3	3
200+	4	4	4

# Teams at WRO India	Wro open category	Wro football
5-39	2	1
40-149	3	2
150+	4	3

Teams at wro india	WRO ARC
5-19	1
20-39	2
40+	3
